Summary

Lead Product Designer wth 8 years of experience.
Now engineering the next generation of AI-powered products.

Experience

Asana · Lead Product Designer · Jan 2023 — Present
Built Asana's Resource Management product from the ground up, driving 41% QoQ growth in Capacity Planning usage and 84% QoQ growth in Custom Fields on People. Co-led the Timesheets and Budget Add-On, coordinating between 4 cross-functional teams, generating $298K in attributed ARR wins in the first quarter of launch.

Daily · Design Engineer, Co-Founder · Jun 2025 — Present · ↗
Designed and engineered the entire AI native, Daily iOS app frontend, building 49 views in SwiftUI and UIKit with complex animations using Match Geometry Effect, and co-authored the system prompts for a multi-step reasoning conversational agent.

Route · Senior Product Designer · Apr 2022 — Dec 2022
Owned the end-to-end design of the Discover tab for the Route mobile app. Inclusive within this responsibility was overseeing and modernizing Route's design system.

Uber Eats · Product Designer · Jan 2021 — Apr 2022
Led consumer growth experience for the Uber Eats Grocery vertical on the Market Team, while supporting adjacent verticals including Alcohol, Convenience, and Pharmacy.

Postmates · Product Designer · Jul 2019 — Jan 2021
Designed iOS, Android, and web experiences for the Buyer Team at Postmates. Sole designer on key initiatives including Passwordless Onboarding and the Postmates Web Homepage.

Education

University of Washington · Sep 2014 — Jun 2019
Bachelor of Design in Visual Communication Design
Bachelor of Science in Informatics: Human Computer Interaction

Skills

SwiftUI	Interaction Design	Design Systems
